Application

Name	Static Cabinet 30W CO2 laser marking machine
Model	COD-300
Laser source brand	CHENGRUIDA(crd) /DAVID/COHERENT/ SYNRAD for optional Please be noted different brand CO2 laser source , price will differ
Laser source	30W CO2 Metal RF source
Laser length	10.6um
Laser repeat frequency	20KHZ-220KHZ
Marking field	110*110mm
Lesn brand	Jinggezi
Min font size	0.15mm
Min line width	0.01mm
Repeat precise	±0.002
Machine power supply	≤800W
Positioning method	Red focus
Controlling system	JCZ marking controlling system
Board card	Original Beijing JCZ digital board card
Operating method	Computer
Operating language	English
Power supply	AC220 50Hz 5A
Cooling method:	Wind cooling
Font support	True type font, mongline font, Dot matrix font
Printing message	Serial number, 2d code(QR code) barcode, logo, image, text, letter, etc, message
Machine size	80*60*147cm
Package size : Machine weight	Wood case zie: 105*68*112cm , Around 135KG
