

# Desktop Raycus 30W 50W Fiber Laser Engraver

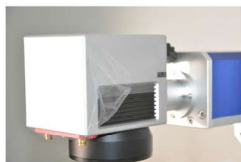

**Raycus laser source**

We are adopting Chinese famous brand Raycus fiber laser source , which is steady and reliable quality ,

**Original Beijing JCZ Board card**

Adopting original Beijing JCZ Board as controlling system , high compatible ,which is compatible for windows7 , window, Windows 8, windows 10 , windows 11 , support rotary function , steady and reliable Software : EZCAD

**ZBTK Double red focus Galvo head**

Sino RC 7110 double red light galvo head, with double red positioning function, marking it easier for operation

**Jinggezi 110\*110mm**

Adopting Jinggezi brand fiber lens , which can do better engraving result than other normal lens

Other size : 150\*150mm, 175\*175mm, 200\*200mm for optional

**Mingwell Power supply**

Machine assembling with Taiwan Mingwell Power supply making it more steady for operation and long lifespan

**Spare parts with the machine**

Alumiium rods

Description	FD-300 Desktop 30W Fiber Laser	FD-500 Desktop 30W Fiber Laser
Laser source Power	Raycus 50W	
Laser source model	Raycus 50QB	
Laser source	Impulse Fiber laser source	
Laser length	1064nm	
Laser repeat frequency	20-100KHZ	
Marking field	110*110mm (Standard)	
Marking speed	3,000mms (higher speed be optional)	
Min font size	0.15mm	
Min line width	0.01mm	
Repeat precise	±0.002	
Machine power supply	≤800W	
Positioning method	Red focus	
Controlling system	JCZ marking controlling system	
Software	EZCAD	
Machine stand height	550mm	
Operating language	English, Arabic	
Power supply	AC220 50Hz 5A	
Cooling method:	Wind cooling	
Font support	True type font, mongline font, Dot matrix font	
Printing message	Serial number 2d code(QR code) barcode logo image text letter message	
Machine net weight	Around 90KG	
Gross Weight	125KG
